

County Court Civil Filing Fees Effective January 1, 2019

The Colorado Judicial Branch will implement Senate Bill 18-056, Civil Filing Fees, on January 1, 2019. This creates a new, tiered [filing fee](#) structure for county court civil cases. To comply with this new tiered structure, we will add the new document types below to the Colorado Courts E-Filing system on January 1, 2019.

Effective January 1, 2019, you will need to know the jurisdictional limit of the complaints or answers you file in County Court Civil cases and select the corresponding document types when e-filing a new case or e-filing into an existing case. This will ensure that the system assesses the appropriate statutory filing fee.
